**Jan Larosse, senior scientific advisor at VAIO and seconded as a policy advisor to the European Commission in the DG Regio Competence Centre for Smart and Sustainable Growth**

Jan Larosse is senior scientific advisor at VAIO and seconded as a policy advisor to the European Commission in the DG Regio Competence Centre for Smart and Sustainable Growth. There he works at the further development and implementation of smart specialisation policy approach.

Before he has been coordinator of New Industrial Policy of Flanders at the Department for Economy, Science and Innovation, and seconded expert to the European Commission DG Research, working for the Lisbon Strategy and the European Research Area. He has 25 years of experience in innovation policy, cluster policy and system innovation policy, and in implementation of these policies. He was co-founder of Plan C and started the Vanguard Initiative for New Growth through Smart Specialisations.
