P-LASER

INTERNATIONAL SUSTAINABLE IMPACT : P-Laser offers own made laser surface cleaning solutions as sustainable future proces technology. This reduces the use of chemicals and basic blasting media. P-Laser works for groups like Shell, Aperam Fr, Umicore D and Bosch to develop new future proces technology to reduce costs, environment - and health risks.

ABILITY TO EXECUTE IN FUTURE – ENABLERS & INHIBITORS : There is a clear drive for multinationals to reduce their costs and risks. Laser technology is a flexible tool for integration in "lean manufacturing" environment. P-Laser gives the practical solution to integrate a high tech laser tool in a industrial process to achieve cost reduction and less chemicals.
