

FLANDERS CLEANTECH INTERNATIONALISATION AWARDS

PANTAREIN

INTERNATIONAL SUSTAINABLE IMPACT : Pantarein is expert in design, construction and operation of (waste)water plants. Pantarein is developing innovative and sustainable technologies focusing on minimal energy consumption (anaerobic treatment, highly efficient aeration system and control), maximal energy production (biogas for heat and electricity) and maximal water re-use (offering a wide range of membrane filtration). Pantarein's pre-assembled and containerized compact solutions for anaerobic and aerobic membrane bioreactors and RO units are a perfect fit for export. Pantarein's units are fully automated and the remote control by experienced process engineers ensures an excellent performance. Its renting formulas are attractive tools justifying long term strategical decisions.

ABILITY TO EXECUTE IN FUTURE – ENABLERS & INHIBITORS : Pantarein is at present working for multinational companies like Inbev, PepsiCo, Cargill and Dupont in Belgium as a first step for doing projects for these in international markets, Pantarein is present on international fairs as eg Braubeviale, it has solid basis of references for its compact technologies as basis for the international market, it has strategic alliance for brewing sector with one membrane supplier and is setting up an international network with agents/partners in other EU countries.

INTERNATIONAL MARKET TRACTION

Turnover – in EURO

Total turnover (EURO) in 2013	2.100.000
Total turnover (EURO) in 2014	2.700.000
Total turnover (EURO) in 2015	3.500.000

Geographical market(s) – in %

- Belgium	80%
- Europe EU – neighbouring countries (GE, FR, LU, NL,UK)	10%
- Europe EU – other	10%
